

Xero partner and business plans for the UK from 12 September 2024

Xero's new plans are designed to provide small businesses with easier access to the tools to help run their business efficiently, making it simpler for you to recommend the right plan, and tailor your practice services to clients. The new plans are available from 12 September 2024.

What's new

Xero has simplified its partner plans (retaining Xero Ledger and Xero Cashbook), launched three new streamlined business plans (Xero Ignite, Xero Grow and Xero Comprehensive), and enhanced the Ultimate plan in the UK. That means easier access to tools, more bundled features, and fewer plans and add-ons to navigate.

The new plans replace Xero's VAT Cashbook, Starter, Standard and Premium plans, which are no longer sold; existing add-ons are no longer available for separate purchase (other than CIS returns); and any new clients need to be added to a new plan. Enhancements to Ultimate plans, which include Xero Expenses and Xero Projects for up to ten people instead of the current five, and up to 15 bill payments (GBP) per month, + £0.20 per additional GBP bill payment (excludes VAT) also began from 12 September.

Phased move to new plans

- Enhancements to the Ultimate plan took effect on 12 September
- For all other plans, Xero will move subscribers who haven't already moved to a new plan in phases, taking into account their current plan and any add-ons. For the majority of customers, this means more features for the same or lower price when they move to a new plan
- You can choose to move clients you hold the subscriptions for to new plans
- If you want to upgrade or downgrade a plan, or add or remove an add-on from a client's plan, you'll need to choose one of the new plans; if you transfer a subscription, the new subscriber will need to choose one of the new plans
- If you have the payroll, expenses or projects add-on attached to your current plan and need to add additional users, you can do so and remain on the old plan (until Xero moves you); overage charges continue to apply
- Once you or your clients have moved to a new plan, the previous plan will no longer be available

- With add-ons becoming bundled, your partner points or partner program status may be impacted when a plan is moved
- We'll ensure that you have a minimum of 60 days' notice before the plans you hold the subscription/s for are moved, including information about the plans we intend to move your subscription/s to
