

Xero partner and business plans for New Zealand from 12 September 2024

Xero's new plans are designed to provide small businesses with easier access to the tools to help them run their businesses efficiently, making it simpler for you to recommend the right plan, and tailor your practice services to clients. The new plans became available on 12 September 2024.

What's new

Xero has simplified its partner plans from three down to two (retaining Xero Ledger and Xero Cashbook), launching three new streamlined business plans (Xero Ignite, Xero Grow and Xero Comprehensive), and enhancing the Ultimate plan in New Zealand. That means easier access to tools (including cash coding in all of the new business plans), more bundled features, fewer plans and no add-ons to navigate.

The new plans will replace Xero's GST Cashbook, Starter, Standard and Premium plans, which are no longer be sold; add-ons are no longer available for separate purchase; and new clients need to be added to a new plan. Enhancements to the Ultimate plan, which includes Xero Payroll, Xero Expenses and Xero Projects for up to ten instead of the current five, took effect from 12 September 2024.

Phased move to new plans

- Xero is moving subscribers to the new plans in phases, taking into account the subscriber's current plan (and any add-ons) and recent feature usage (that is, Xero Expenses and/or Xero Payroll). Check out Xero's ['Updated migration approach to move NZ customers to new subscription plans'](#) blog to learn more.
- Alternatively, you can choose to move clients you hold the subscriptions for to new plans
- If you want to upgrade or downgrade a plan, or remove an add-on from a client's plan, you'll need to choose one of the new plans. If you transfer a subscription, the new subscriber will need to choose one of the new plans
- You can still add employees to Xero Projects and Payroll on old plans until either you choose to move plans, or Xero moves the subscription to a new plan. Any additional usage charges (including in relation to Xero Expenses) will continue to apply
- Once you or your clients have moved to a new plan, the previous plan will no longer be available

- With add-ons becoming bundled, your partner points or partner program status may be impacted when a plan is moved
- We'll be in touch with more details before we make any change to the plans you hold the subscription for and will ensure that you have a minimum of 60 days' notice before any of these plans are moved.
