

# Xero business plans for the UK from 12 September 2024

Xero has simplified its set of plans to make it easier for you to access the tools you need to help run your business efficiently.

## What's new

On 12 September 2024, Xero launched three new streamlined business plans (Xero Ignite, Xero Grow and Xero Comprehensive) and enhanced the Ultimate plan in the UK. These plans are designed to provide you with easier access to the tools to help run your business efficiently.

That means more key features are included in plans, with fewer plans and add-ons to navigate. As a result, the Starter, Standard and Premium plans are no longer sold.

## Phased move to new plans

- Xero will begin moving subscribers to the new plans in phases, taking into account their current plan and any add-ons. For the majority of customers, this means more features for the same or lower price when they are moved to a new plan.
- We'll be in touch to ensure you have a minimum of 60 days' notice before your plan is moved, including any information about the plan we intend to move you to.
- Alternatively, you can choose to move to a new plan.
- If you want to upgrade or downgrade a plan, or add or remove an add-on, you'll need to choose one of the new plans; if you transfer a subscription, the new subscriber will need to choose one of the new plans.
- If you have the payroll, expenses or projects add-on attached to your current plan and need to add additional users, you can do so and remain on the old plan (until Xero moves you); overage charges continue to apply. Once you've moved to a new plan, your previous plan will no longer be available.

## New plan line-up

Here's the new line-up of plans:

- **Xero Ignite:** Accounting basics for businesses starting out
- **Xero Grow:** Accounting tools for the self-employed and growing businesses
- **Xero Comprehensive:** Streamlined accounting and payroll for businesses with employees
- **Xero Ultimate:** Accounting, payroll and forecasting tools to help businesses scale for future growth
