

Get started with Planday from Xero

Are your clients managing staff schedules and time tracking manually? This can be tedious and error-prone and may lead to incorrect staff payments.

Deepen your relationship with your clients by simplifying these processes and save time by recommending Planday.

Planday helps your clients streamline their time-tracking, rostering, Award interpretation, and payroll, all in one place. This makes it easier for your clients to pay their employees the right amount.

Combine Planday + Xero Payroll

Planday syncs with Xero Payroll so you can spend less time chasing clients for timesheets and validating employee data accuracy.

Improve compliance confidence for your clients

Planday's built-in Award interpretation feature makes it simpler for your clients to roster and pay staff more accurately. So you can focus on what you do best.

Make data driven financial decisions

Planday plus Xero Payroll gives you greater insight into your clients' operations such as total wage costs broken down between ordinary and additional hours.

Help improve your clients' profitability

Manually add revenue or connect Planday to your clients' POS so you can compare actual sales against wages to improve margins.

Support record keeping needs

Access an audit trail that allows you to revisit the moment a shift was changed or when an employee clocked in.

Refer your clients!

Your clients can now start a 30-day free trial. If they're a Xero Payroll customer they should sign up through [Xero](#). Otherwise sign up through our [website](#).
